

HIGH SCHOOL SUMMER READING DEADLINES

ENGLISH ASSIGNMENTS

Students new to the district as of June 1, 2017, should have been notified that there will be various assignments posted on the website by the middle of June for the courses they are taking. Students new to the district, who are entering an honors or an AP class, will have two weeks from the date of entry to complete the assignment. There are due dates on certain assignments, and they should check them on the website. Some assignments are due in August, but they will get two weeks after their enrollment date.

Those registering after August 15, 2017, will complete their summer reading reflection utilizing a previously read text if the student does not have sufficient time to read at least one new text.

STEM DUE DATES				
August 4, 2017	August 18	August 21	August 24	September 5
Subject	Subject	Subject	Subject	Subject
AP Physics 2 (Partial)	AP Environmental Science	Honors Algebra 1	AP Biology	AP Computer Science
Honors Physics (Partial)	AP Physics 2 (Remainder)			AP Statistics
	Honors Physics (Remainder)			AP Chemistry
				AP Physics 1
				AP Physics C
				Honors Geometry
				Honors Algebra
				Honors Chemistry
				Algebra 1 CP and Basic

New students to the district are responsible for completing the summer assignments as noted above by the date listed. If a student registers in the district after the due-date of the summer STEM assignment, the student will have 2 weeks from the date of the student's enrollment to complete the assignment. The same holds true for students who move between levels.

If additional time is required to complete a summer assignment in STEM due to "late" enrollment, any extension can only be granted by the department supervisor.
