FROM: Sean Adams
Superintendent of Schools
DATE: January 2022
SUBJECT: **KINDERGARTEN REGISTRATION /
PARAMUS PUBLIC SCHOOLS**

Superintendent of Paramus Public Schools, Sean Adams, has announced the start of the registration process for the September 2022 kindergarten program. To be eligible for kindergarten, a child must be five years old on or before October 1, 2022.

The Board of Education has adopted residency requirements; therefore, school registration includes a two-step process: (1) residency verification and (2) registration. If your student is already attending the district's ECC program you will receive information directly on the next steps to register.

Residency verification and registration forms are available **online only**. Please visit the district's website to complete the online registration forms electronically at www.paramus.k12.nj.us by navigating to "Helpful Links" where "Open Registration" can be found.

Please note we are currently not accepting any in-person registration appointments.
